

## **Are you a Cat Whisperer?**

### **MISS MOLLY desperately needs a home!**

Molly is about 8 years old. She is shy but likes being stroked and groomed and has now started to purr loudly. She LOVES to play!

Molly is from Cats Protection. She was there for over a year and was very unhappy. She came to Gyrn Cottage Cattery for some confidence building and lots of TLC. I have to say it is working!

Molly was found living in the garden of an elderly lady who had passed away. She was in a sorry state and very scared. Poor Molly has tested positive for FIV and will therefore need to be an indoor cat.

Molly is in good health – she does need to lose a few pounds though!

Molly is a really cute critter and very comical. She needs a gentle person who is willing to spend time with her and help to release the loving feline 'purrsonality' that is shimmering just below the surface.

#### **ARE YOU THAT SPECIAL SOMEONE?**

If you are interested in Molly and would like to meet her then please contact Sam at Gyrn Cottage Cattery. Telephone: 01691 655442.
